The servant leader, the people manager, the laissez-faire type, the bureaucratic leader, the accountable, the flexible, the adaptable...

Leadership is the ability to:

- Go beyond the known, the seen
- Absolutely believe in what you're doing.... knowing it is so relative
- Provide stability and reassure people
- Empower people, let them grow ... even if over your head
- Think strategically while mopping the floor
- Embrace loneliness and celebrate success
- Build networks and alliances
