

Enabling Social Innovation

Panel Two: Future design, Foresight & Innovation

Wilfried Kainz

Zero Project

#Innovation4Inclusion

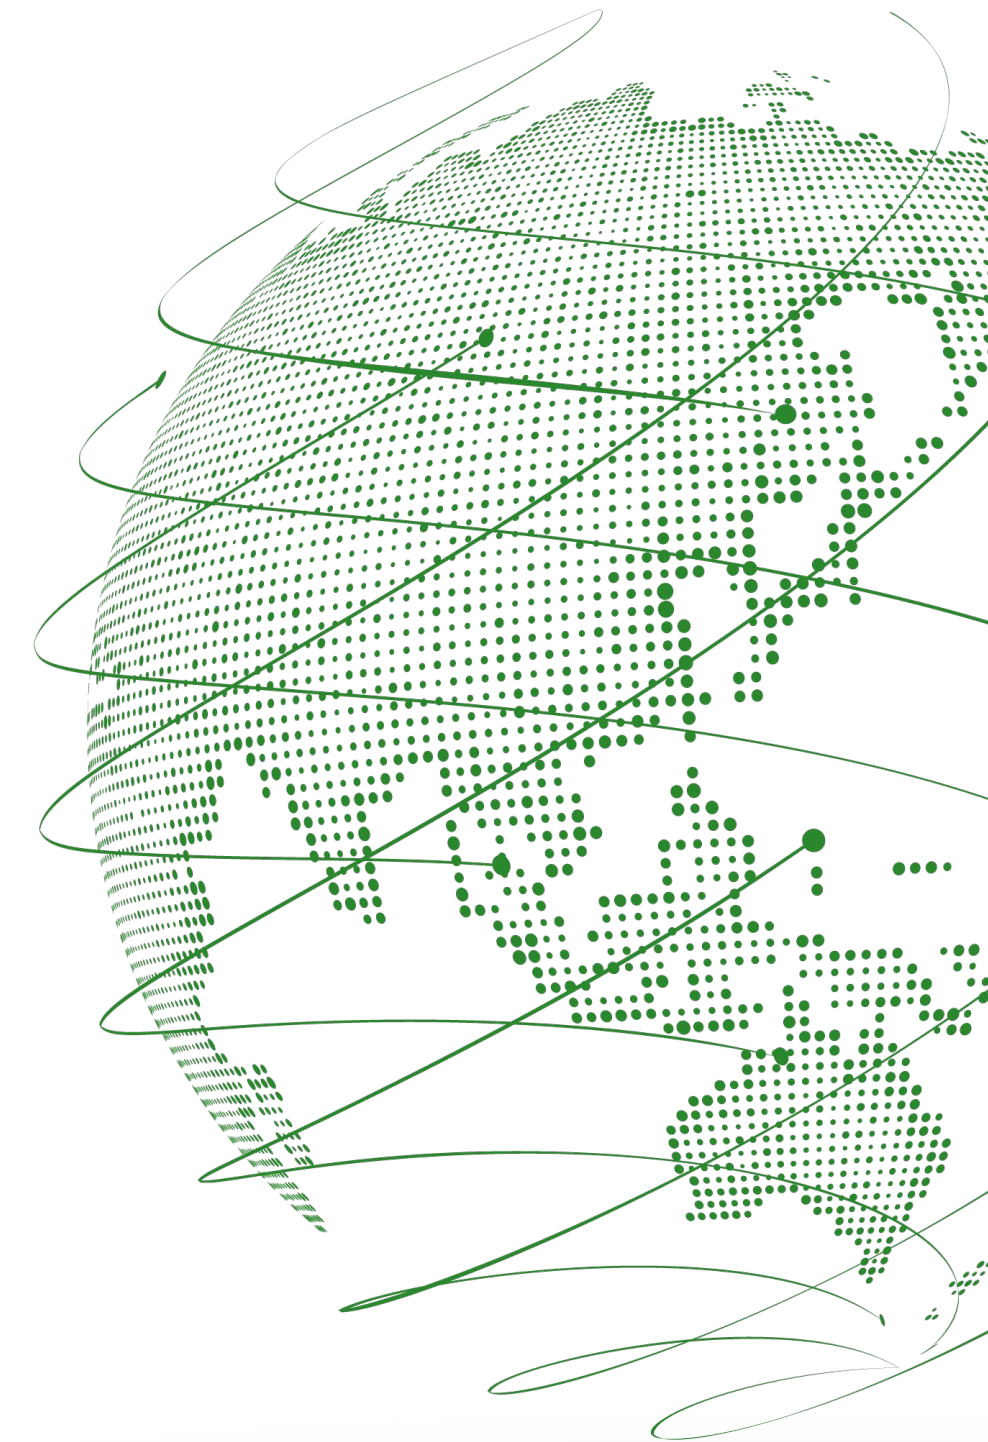

Co-funded by
the European Union

MISSION

Our mission is working for a world with **zero barriers** .

Worldwide, the **Zero Project** finds and shares innovative solutions that improve the daily lives and legal rights of all persons with disabilities.

the European Union

HUMAN CENTERED INNOVATION

- **Nothing about us – without us;**
- **Innovations needs to evolve around the person and not vice versa;**
- **Example of the most important Assistive Technologies.**

#Innovation4Inclusion

SUSTAINABILITY

- **How to scale innovations;**
- **Successful scaling examples;**
- **How to overcome the digital divide;**
- **International, cross border cooperation.**

#Innovation4Inclusion

TECHNOLOGY and WELLBEING

- **Embrace innovations;**
- **Get stakeholders involved;**
- **Encourage innovation and change within organizations;**
- **Training and life -long education.**
